3.32 WORK RELIEF AND GENERAL RELIEF. (a) Statement of Policy. Whereas, it is the declared legislative policy of the State of Wisconsin, as appears in Section 49.002, Wisconsin Statutes, that refusal of a bona fide offer of employment or training without good cause or acceptance and subsequent inadequate performance through willful neglect, shall necessitate that local municipal or county welfare officials discontinue general relief payments to such individual; and

Whereas, it is contemplated that certain dependent persons, as defined in Section 49.01, Wisconsin Statutes, whose legal settlements are within the City of Platteville, will leave this municipality and apply for General Assistance in other municipalities within the State of Wisconsin; and

Whereas, certain of these individuals will leave this municipality for the express purpose of avoiding the City's Work Relief Program; and

CHAPTER 3 Administration

Whereas, other counties and municipalities also maintain such programs and should place such individuals on their programs in their respective municipalities in light of a disability to force such persons to return to their municipalities of legal settlement,

Now therefore, the following programs and policies are adopted by the Common Council.

- (b) **Work Relief Program.** The City shall maintain a continuing work relief program for all eligible welfare recipients and hereby notifies all Wisconsin counties and, through each County Clerk, each municipality of same.
- (c) **Notification.** The City of Platteville hereby requests each county and/or municipality to notify each recipient whose legal settlement is presumed to be within the City of Platteville, of the work relief program within the City of Platteville.
- (d) **Requests to Other Municipalities.** The City, upon receiving a nonresident notice pursuant to Section 49.11(4), Wisconsin Statutes, for recipients whose legal settlement is presumed to be in the City of Platteville, shall contact the forwarding county or municipality and request that if such county or municipality has a work relief program the recipient in question shall be certified for placement therein.
- (e) **Payment of Claims.** The City of Platteville shall deny any claims submitted by a county or municipality for general relief for any recipient who refuses to accept a bona fide offer of employment from said county or municipality without good cause.  2. “Record” means any material on which written, drawn, printed, spoken, visual or electromagnetic information is recorded or preserved, regardless of physical form or characteristics, which has been created or is being kept by an authority. “Record” includes, but is not limited to, handwritten, typed or printed pages, maps, charts, photographs, films, recordings, tapes (including computer tapes), and computer printouts. “Record” does not include drafts, notes, preliminary computations and like materials prepared for the originator’s personal use or prepared by the originator in the name of a person for whom the originator is working; materials which are purely the personal property of the custodian and have no relation to his or her office; materials to which access is limited by copyright, patent or bequest; and published materials in the possession of an authority other than a public library which are available for sale, or which are available for inspection at a public library.
- (d) Duty to Maintain Records. 1. Except as provided under subsection (i), each officer and employee of the City shall safely keep and preserve all records received from his or her predecessor or other persons and required by law to be filed, deposited or kept in his or her office or which are in the lawful possession or control of the officer or employee or his or her deputies, or to the possession or control of which he or she or they may be lawfully entitled as such officers or employees.
2. Upon the expiration of an officer’s term of office or an employee’s term of employment, or whenever the office or position of employment becomes vacant, each such officer or employee shall deliver to his or her successor all records then in his or her custody and the successor shall receipt therefor to the officer or employee, who shall file said receipt with the City Clerk. If a vacancy occurs before a successor is selected or qualifies, such records shall be delivered to and receipted for by the Clerk, on behalf of the successor, to be delivered to such successor upon the latter’s receipt.
- (e) Legal Custodian(s). 1. Each elected official is the legal custodian of his or her records and the records of his or her office, but the official may designate any employee on his or her staff to act as the legal custodian.

CHAPTER 3 Administration

- (f) **Public Access to Records.** 1. Except as provided in subsection (h), any person has a right to inspect a record and to make or receive a copy of any record as provided in Section 19.35(1), Wisconsin Statutes.
2. Records will be available for inspection and copying during all regular office hours.
 3. If regular office hours are not maintained at the location where records are kept, the records will be available for inspection and copying upon at least 48 hours advance notice of intent to inspect or copy.
 4. A requester shall be permitted to use facilities comparable to those available to City employees to inspect, copy or abstract or record.
 5. The legal custodian may require supervision during inspection or may impose other reasonable restrictions on the manner of access to an original record if the record is irreplaceable or easily damaged.
 6. A requester shall be charged a fee to defray the cost of locating and copying records as established by resolution of the Common Council.
 7. Pursuant to Section 19.34, Wisconsin Statutes, and the guidelines therein listed, each authority shall adopt, prominently display and make available for inspection and copying at its offices, for the guidance of the public, a notice containing a description of its organization and the established time and places at which, the legal custodian from whom, and the methods whereby, the public may obtain information and access to records in its custody, make requests for records, or obtain copies of records, and the costs thereof. This subsection does not apply to members of the Common Council.
- (g) **Access Procedures.** 1. A request to inspect or copy a record shall be made to the legal custodian. A request shall be deemed sufficient if it reasonably describes the requested record or the information requested. However, a request for a record without a reasonable limitation as to subject matter or length of time represented by the record does not constitute a sufficient request. A request may be made orally, but a request must be in writing before an action to enforce the request is commenced under Section 19.37, Wisconsin Statutes. Except as provided below, no request may be refused because the person making the request is unwilling to be identified or to state the purpose of the request. No request may be refused because the request is received by mail, unless prepayment of a fee is required under subsection (f)(6)VI. A requester may be required to show acceptable identification whenever the requested record is kept at a private residence or whenever security reasons or federal law or regulations so require.

CHAPTER 3 Administration

2. Each custodian, upon request for any record, shall, as soon as practicable and without delay, either fill the request or notify the requester of the authority's determination to deny the request in whole or in part and the reasons therefor. If the legal custodian, after conferring with the City Attorney, determines that a written request is so general as to be unduly time consuming, the party making the request may first be required to itemize his or her request in a manner which would permit reasonable compliance.
 3. A request for a record may be denied as provided in subsection (h). If a request is made orally, the request may be denied orally or if a demand for a written statement of the reasons denying the request is made by the requester within five business days of the oral denial, or if a written request is denied in whole or in part, the requester shall receive a written statement of the reasons for denying the request. Every written denial of a request shall inform the requester that if request for the record was made in writing, then the determination is subject to review upon petition for a writ of mandamus under Section 19.37(1), Wisconsin Statutes, or upon application to the Attorney General or a District Attorney.
- (h) Limitations on Right to Access. 1. As provided by Section 19.36, Wisconsin Statutes, the following records are exempt from inspection under this section:
- I. Records specifically exempted from disclosure by state or federal law or authorized to be exempted from disclosure by state law;
 - II. Any record relating to investigative information obtained for law enforcement purposes if federal law or regulations require exemption from disclosure or if exemption from disclosure is a condition to receipt of aids by the state;
 - III. Computer programs, although the material used as input for a computer program or the material produced as a product of the computer program is subject to inspection; and
 - IV. A record or any portion of a record containing information qualifying as a common law trade secret.
2. As provided by Section 43.30, Wisconsin Statutes, public library circulation records are exempt from inspection under this section.
 3. In responding to a request for inspection or copying of a record which is not specifically exempt from disclosure, the legal custodian, after conferring with the City Attorney, may deny the request, in whole or in part, only if he or she determines that the harm to the public interest resulting from disclosure would outweigh the public interest in full access to the requested record.

CHAPTER 3 Administration

Examples of matters for which disclosure may be refused include, but are not limited to, the following:

- I. Records obtained under official pledges of confidentiality which were necessary and given in order to obtain the information contained in them.
 - II. Records of current deliberations after a quasi-judicial hearing.

 - IV. Records concerning current strategy for crime detection or prevention.
 - V. Records of current deliberations or negotiations on the purchase of City property, investing of City funds, or other City business when competitive or bargaining reasons require nondisclosure.
 - VI. Financial, medical, social or personal histories or disciplinary data of specific persons which, if disclosed would be likely to have a substantial adverse effect upon the reputation of any person referred to in such history or data.
 - VII. Communications between legal counsel for the City and any officer, agent or employee of the City when advice is being rendered concerning strategy with respect to current litigation in which the City or any of its officers, agents or employees is or is likely to become involved, or communications which are privileged under Section 905.03, Wisconsin Statutes.
4. If a record contains information that may be made public and information that may not be made public, the custodian of the record shall provide the information that may be made public and delete the information that may not be made public from the record before release. The custodian shall confer with the City Attorney prior to releasing any such record and shall follow the guidance of the City Attorney when separating out the exempt material. If in the judgment of the custodian and the City Attorney there is no feasible way to separate the exempt material from the nonexempt material without unreasonably jeopardizing nondisclosure of the exempt material, the entire record shall be withheld from disclosure.
- (i) Destruction of Records. 1. General Provisions.

After verification paper records converted to a different media should be destroyed. The retention periods identified in this ordinance apply to records in any media.
- III. Any tape recordings of a governmental meeting of the City may be destroyed, erased or reused no sooner than 90 days after the minutes of the meeting have been approved and published, if the purpose of the recording was to make minutes of the meeting.
